Chasing light: a photographic journey

Strathfield Library & Innovation Hub

6 December 2024 - 2 February 2025

At its heart, photography is a dance with light—a delicate act of capturing its fleeting essence to preserve moments forever. Without light, there are no images, no moments, no memories. The essence of *Chasing Light* therefore lies in this pursuit of capturing the interplay of light and shadow to evoke powerful storytelling.

Chasing Light is a contemporary exhibition showcasing the works of fifteen talented photographers from the Inner West Photographic Society (IWPS). Exhibiting artists include **Luca Altamore, Ron Bullions, Simon Butcher, Klaus Clemens, Ashley Cooper, Harsha Gautam, Colleen Harris, Amanda Hitchens, Ben Knight, Justin Martin, Brigid Reid, Clair Reynolds, Penelope Robertshawe, Sharon Wiley and Maggs Wilson.**
