INNER WEST  
PHOTOGRAPHIC SOCIETY

# Message from the President

It's been a big year in many ways, with 2023 seeing the Inner West Photographic Society welcome a number of new members. We are always very pleased to have new people join and just as grateful to have a very strong band of long-term, loyal members supporting the club year after year. It's the members that are at the heart of what makes the Inner West Photographic Society a successful photographic group.

Our 2023 *Annual* presents a small snapshot of the photography pursued by participating members during the year. Each image represents not only the creative and technical journey of the individual member, but it also tells a story about where the photographer was, what they saw and how they interpreted what they saw—it's an intriguing glimpse into their photographic heart.

The Inner West Photographic Society provides a safe and encouraging environment for members to learn new skills, refine techniques and experiment and discover their own distinctive style.

I hope you enjoy viewing our members' 2023 *Annual* as much as we have enjoyed presenting it to you.

Have a safe end of 2023 and an exciting start to 2024.

**Colleen Harris**

# Competitions

IWPS uses two internal competitions to encourage participation and recognise excellence within the club.

The annual Category Winners are decided by the total number of competition points received by each member in that category over the year.

The Top Shot of the Year is a separate competition night in November where all images that had been awarded a Merit during the year are eligible for entry. A qualified judge then determines which image, in each category, they feel is the Top Shot of the Year.
